YOUR AREA MAP

Welcome to the Spring/Summer edition of *Explore Paddington*, brought to you by *PaddingtonNow Business Improvement District*

Whether you're in Paddington for a few days, weeks or the foreseeable future, it's my job to help you make the most of the area.

Now the sun is out, it made sense to dedicate this issue to the great outdoors, so you'll find a host of events from a summer fête to a pop-up seaside in Merchant Square—all for free, of course.

As well as alfresco drinking and dining spots, this issue is packed with ways to make the most of the Grand Union Canal, whether that's with a new floating pocket park, an eco slow boat or a seafood restaurant aboard a narrowboat.

If you love live music, then you're in for a treat as the alfresco summer programme *Paddington Covers* returns, while household names perform at *British Summer Time* in nearby Hyde Park.

As this is our third issue, I've been enjoying hearing what you've got to say—you'll find your voice in *Overt to You* (p. 34). Our contact details are on most pages, so if you want to promote an event, share your holiday snaps or simply rave about how much you love us, we're all ears.)

Enjoy the issue,

Sarah

Summer in

Want to see hit bands and alfresco theatre this summer?

Shakespeare and the Spice Girls might not have much in common on the face of it – but both are set to star in Norfolk Square Gardens.

This summer, experience **outdoor theatre** and big-name tributes **live on stage** as **Paddington Covers** and **Shakespeare in the Squares** celebrate the bard and your favourite music heroes.

Now in its third year, the free music festival **Paddington Covers** (26 May, 28 Jul and 25 Aug) sees live bands on stage from noon until 7pm.

This year's theme is Rock and Pop Legends. Tributes include **Adele**, The Beatles, Lionel Richie and **The Rolling Stones** (26 May); Bon Jovi, Katy Perry, the **Spice Girls** and Take That (28 Jul) and Abba, Robbie Williams, Madonna and **Michael Bublé** (25 Aug). DJ duo Freight Train will also play, ensuring the crowd will get in the festival spirit.

Paddington Covers' organiser, Marisa Barrocas from PaddingtonNow BID, says, 'Forget the mud and crowds of traditional festivals – this is fun, intimate, relaxed and family-friendly.'

'Over 3,000 people attended last year's events. Each act went down a storm. Indienational had all the ladies swooning and **Take on Take That** were brilliant.'

LIVE MUSIC

The X Factor finalist Katie Markham performed on TV with Adele!

The X Factor finalist Katie Markham – who performed with the real McCoy for Graham Norton's 2015 TV special *Adele at the BBC* – will perform as Adele. Katie says, 'I became an Adele tribute five years ago. Since performing with Adele on TV my act

has been getting such a positive response. Meeting Adele has definitely opened up opportunities.'

'...Opportunities like Paddington Covers, no doubt! Does this mean Katie gets 'spotted'? 'Only when I'm in costume,' she smiles.

Katie will sing her favourite Adele tracks such as *One and Only*, *Take It All* and *When We Were Young*. She says, 'They have pure emotion and such a vocal range that they never fail to move you.'

As well as live music, look out for face painting, balloon modelling and a **bubbleologist** for kids. There will also be **gourmet food** or you can bring along a picnic and sit in a deckchair to eat it. Noon-7pm. Free. *Norfolk Square Gardens, W2 1RU. www.thisispaddington.com.*

LIVE
SHOWS

Meanwhile, **Shakespeare in the Squares** returns to Norfolk Square Gardens with **Romeo & Juliet** (1 Jul. 7pm. From £18).

The production company's patron, **Judi Dench**, says, 'When I heard about Shakespeare in the Squares, my instant reaction was, "That's a marvellous idea, why hasn't anyone done it before?" It offers a great opportunity to engage new and non-traditional audiences of all ages.'

The play's director, Tatty Hennessy, was the assistant director of **Hamlet: Globe to Globe**, a Shakespeare's Globe production that visited every country in the world between 2014 and 2016.

So how did working on *Hamlet* prepare Tatty for directing in Norfolk Square Gardens? 'It taught me to be **ready for**

anything, because we performed at castles, beaches, squares and a refugee camp in Djibouti,' she says. 'You have to work harder to earn an audience's attention. It's not like a dark auditorium where there's not much to look at but the action. We have to be the most interesting thing in the square.'

Tatty set the **play in 1950s Italy**. 'It's a fascinating decade, on the cusp of change,' she explains. 'It's half looking back to a time of war and deprivation and half to a future of optimism and choice as the country tore itself out of economic hardship and into prosperity.'

Sounds too heavy? Then Illyria will lighten the mood with Shakespeare's

The Comedy of Errors, also in Norfolk Square Gardens (8 Sep. 7pm. From £15).

Since 1991, the touring company has performed outdoors from Land's End to John o' Groat's – as well as internationally.

Made up of five actors – each playing multiple characters – Illyria has built up a reputation for performing authentic Elizabethan plays. It relies on actors projecting their voices instead of using microphones, and uses **basic scenery, live music** and **audience participation** – just like the bard did. It also performs unedited scripts from a 1623 collection of Shakespeare's work, which is considered his most original.

Illyria's artistic director, Oliver Gray, says, 'Many plays trim Shakespeare's script here and there, whereas for Illyria the challenge is not to cut out the

bits you don't like, but to explore why he included them and make them part of a seamless whole. *The Comedy of Errors* is the bard's shortest, fastest play – so even uncut it's tight and funny.'

The Comedy of Errors

is about twins separated at birth, who unknowingly end up in the same city. Cue a fast-paced play of mistaken identity, secrets and confusion – and did we mention a **mariachi band**?

That's right – this production is set in Mexico and is performed by a five-piece band in **sombreros**. So why Mexico?

Oliver explains, 'I found some ridiculous sombreros on holiday last year. They've always made me laugh, and *The Comedy of Errors* is very funny, so I bought six and stuffed them in my luggage.'

WHATEVER FLOA

Cruise control

A Nordic boat company has launched in Paddington, proving that the UK trend for all things Danish is still going strong

First came Lego, then the 2015 hit film *The Danish Girl* and last year's craze for all things hygge – the Danish concept of cosiness. And now it's time for the Danish export **GoBoat** (p. 11 & p. 25) to shine.

Popular in Denmark's capital, Copenhagen, the vessels launched in **Paddington Basin** in association with **The Paddington Partnership**.

GoBoat co-founder Julian Wootton says, 'I was on holiday in Copenhagen when I experienced GoBoat for the first time. I just knew Londoners would love it! It's such a social and sustainable business, and it's a great way to see this fantastic, historic, vibrant city in a new way.'

It made sense, then, to launch the eight-strong fleet from near the Scandinavian restaurant bar, Kupp, in Paddington Basin.

Co-founder Grant Sweeney adds, 'Our mission is to make the canal waters accessible to all in an eco-friendly way.'

Electrical engines, partly powered by solar energy, propel the boats, which means they're silent and have no fumes.

Reaching top speeds of 4mph, you might not quite feel the wind in your hair but the slow pace does mean you can skipper the boats yourself – no licence or experience is required.

Ideal for a **low-key date, family outing** or an **office team-building exercise**, you can hop aboard and

navigate your own course to Little Venice – then it's up to you whether you continue to Camden Lock or Kensal Rise.

Grant says, 'The boats seat up to **eight people** and come with a solar-panelled table in the middle. Passengers can take a picnic and their own drinks on board so the boats will have a fun, sociable vibe.'

It's early days but Grant and Julian have grand plans to expand the fleet to 15 boats later in the year, sell organic picnic baskets and host water taxis from Paddington Station to Little Venice and the canal's Pocket Park (p. 17) – so **watch this space**.

EATS YOUR BOAT

Making waves

A new floating restaurant on the Grand Union Canal has got people talking, says Sarah Riches

Justling for elbow space on a candle-lit table at **London Shell Co** feels more like you're at a private supper club than on a dinner cruise – especially when the room falls silent to listen to the host's welcoming speech.

Co-founder Harry Lobek cooked up plans with his sister Leah to open the **canal-boat restaurant** last November. Since then, London Shell Co has been serving **British seafood** and wine aboard The Prince Regent, a 21m-long narrowboat which is moored at Sheldon Square. The boat remains static during lunch, while dinner includes a **two-and-a-half-hour cruise**.

The set menu changes daily as it depends on whatever they get their hands on – all the seafood is caught fresh that morning. Typical dishes might include ethically sourced Morecambe Bay oysters, potted shrimp from Cornwall or mackerel. There's a strong focus on seasonal ingredients, too.

All 40 diners share tables of four, so if there are two of you, you'll share with strangers. Some of the dishes are **designed to be shared** with your dining companion, while others are shared between the four of you whether you know the other two guests or not. That won't suit everyone, although for me it was another way of making the experience feel like an intimate house party.

Harry explains, 'Our customers are encouraged to share tables with people they don't know, partly because of the obvious limitations of our space but also because we believe there is a strong social element to what we do. More often than not, people make friends over their meal and go on for a drink together.'

Review

After a welcome cocktail – a **double shot of Kingston Black apple aperitif** – each of the five courses are paired with wine (an optional extra).

Portions are on the small side. One oyster and a handful of salty angel hair fries – so-called because they're as thin as spaghetti – count as the first course, while three anchovies count as the second, but by the end of the meal I am full.

For my friend and I, the highlight of the meal is slivers of cured Dorset char served with egg yolk confit and white truffle oil, which we mop up with crusty bread.

The main course, made up of Cornish monkfish, long-stem broccoli and new

potatoes flavoured with seaweed butter, is also delicious.

Dessert meanwhile is sweetened, poached rhubarb and set vanilla cream, which is balanced perfectly with a scattering of toasted almonds.

As the boat chugs through Little Venice, it cruises neck and neck with ducks, geese and swans, but if you want to get closer to nature then sip a glass of red on the deck as you pass through London Zoo.

After turning around in **Camden Lock** around sunset, The Prince Regent then glides back through the inky water on its return to **Paddington**.

Drift away

Proving April showers bring May flowers, a floating garden is opening in Paddington Basin this May

London's first **floating pocket park** has been given the green light from Westminster City Council – and it's launching in Paddington Basin (20 May).

The park will be on the Grand Union Canal by Merchant Square, close to the fountain, Rolling Bridge and Fan Bridge.

Cllr Robert Davis MBE DL says, 'The park will rejuvenate a forgotten section of the canal and create a **peaceful oasis**. Our canals were once the arteries that brought the Industrial Revolution into London before modern technology left stretches unused. The council

welcomes this ingenious reinvention of the waterway which gives this part of the Grand Union a new purpose – attracting more businesses and visitors to the area.'

Merchant Square's developer, European Land & Property Limited, commissioned Tony Woods from the landscape garden firm **Garden Club** to design the park. A former Royal

Horticultural Society gold winner, Tony is best known for designing John Lewis's rooftop garden on Oxford Street. He says, 'I expect the park will bring in more people who don't realise how many bars, cafés and events there are in Paddington Basin.'

'The park will make the area more atmospheric. For some, it will offer a new scenic route to get to work or to Paddington Station. For others, it will be a chance to interact with nature. They can dip their feet in the water while **bees and butterflies** fly around and paddleboarders paddle nearby.'

Stretching 45m, the 730sqm semi-permanent deck will float on the surface of the water, which is 1.4m deep. At one end, near Grand Union, there will be a lawn fringed by **raised flowerbeds**, while the other end will feature a **pergola** and benches. Free wifi will encourage mobile working.

'Events may take place on the lawn or under the pergola, which has space for 120 people,' explains Tony. 'They're not

confirmed yet, but we hope there will be live music, sculptures and **wildlife talks**.'

Next to the pergola will be an island of flowers such as Japanese anemones, which are suited to the shade and designed to attract ground-nesting birds.

'The park has been a hugely exciting challenge,' adds Tony. 'Not only is it a one-of-a-kind garden for London but it's also a re-think of the way we create public space in urban areas.'

So what was Tony's biggest challenge? 'I calculate weight for roof gardens, but for this project I worked with structural and marine engineers to calculate load, to ensure the deck was weighed down properly,' he says. 'We also considered the wind tunnel factor, so we've used robust, **textural plants** as ornamental centrepieces such as Japanese forest grass, which will move with the breeze.'

Electricity points will allow GoBoat **water taxis** (p. 14) and narrowboats selling food and drink to moor.

Tony says there are more gardens planned for autumn in Paddington, so it seems the Pocket Park is sowing the seeds of success.

RELAX

Have a health MOT

Are you a tourist panicking over a broken tooth or a resident concerned about your creaking knees? Then it's time for a health overhaul

How many of us have a gym membership, but forget to care for our teeth? If the last time you had a check-up was, ooh, 2002, then book an appointment with **Paddington Dental Practice**, which welcomes new NHS patients and tourists without insurance.

As well as **polishing** your teeth, the practice offers white fillings, extractions and root canals, which remove infected root tissue. Got a gappy smile? Consider dentures – removable false teeth – or dental implants, a long-lasting alternative that substitutes teeth roots for titanium, which fuses to the bone. Ceramic crowns – natural-looking tooth covers – can then be attached.

For discoloured teeth, consider **teeth whitening**, while **veneers** – attachments fixed to the front of the tooth – can improve crooked teeth. Too extreme? **PerfectSmileAligner**, a series of almost invisible plastic moulds that clip on to your real teeth, is another option.

The practice also offers **Botox** to reduce wrinkles, and **dermal fillers** to plump lips or cheeks.

Once you have a winning smile, sort out that pesky ache in your back/knee. **In Motion Physiotherapy** manages short-term and chronic injuries at its clinic in St Mary's Hospital or at your home. It accepts most private health insurance such as **Bupa, Aviva, Simply Health, Pru Health, WPA** and **Cigna**, as well as tourists without health insurance. Local businesses get a 20 per cent discount on initial assessments (to 22 Sep).

So whether you have sprained an ankle playing sport or have a repetitive strain injury from typing too much, InMotion Physiotherapy's **hydrotherapy**,

acupuncture, deep tissue or sports injury massages may help. From May, you can also see a **personal trainer, nutritionist** or do **Pilates**.

Sam Rogg, 32, visited the clinic while suffering dizziness and earache. She says, 'I was impressed with how many tests I had in an hour. The therapists are prepared for anything you throw at them and are reassuringly thorough.'

Alternatively, **London Spine & Joint Clinic's chiropractic manipulation** corrects out-of-position joints, soothing back pain, migraines and whiplash. If you need an X-ray, it can take place on-site.

Meanwhile, there isn't a foot or ankle issue that **Body 4 Life Healthcare**, opposite St Mary's Hospital, hasn't dealt with. As structural problems in your feet can alter your walking pattern and cause

pain in your legs, knees, hips and back, a gait scan machine evaluates the way you walk. Sensors monitor the distribution of pressure on each sole to create a 3D image.

The clinic is recognised by most healthcare providers including Bupa, Aviva, Allianz, PPP and Standard. It also treats tourists without insurance.

Now, where's your gym kit? **Paddington Dental Practice**, 17 Craven Rd, W2 3BP. 020 7723 6106. www.paddingtondental.co.uk. **In Motion Physiotherapy**, St Mary's Hospital, Praed St, W2 1NY. 07582 444601. www.imphysiotherapy.com. **London Spine & Joint Clinic**, 14 Norfolk Place, W2 1QJ. 020 7706 7003. www.london.sjc.co.uk. **Body 4 Life Healthcare**, 14 Norfolk Place, W2 1QJ. 020 7402 8999. www.body4lifehealthcare.co.uk.

IF YOU WANT QUIRKY

THE PAVILION FASHION ROCK 'N' ROLL HOTEL

The Pavilion Fashion Rock 'n' Roll Hotel is as kitsch as they come – and that's why you'll love it. Created by a former model – whose purple Lamborghini Diablo is parked nearby – this townhouse off **Sussex Gardens** has 30 boutique rooms.

Their names, such as **Flower Power**, **Three's Company** and **Funky Zebra**, give you a clue to their décor; **Honky Tonky Afro** pays tribute to the 70s, while **Highland Fling** resembles a shortbread tin. Look out for **Oriental folding screens**, **Arabic lanterns**, **candelabras** and a **four-poster bed**.

It's little wonder then that the hotel is popular with creatives. Everyone from **Leonardo DiCaprio** and the magician **David Blaine** have visited, while supermodel **Naomi Campbell** bared all for a photoshoot here.

Wifi is free but the bathrooms are small, and there's no gym, bar or restaurant – although that's reflected in the price. Besides, when was the last time someone brought you breakfast in bed?

IF YOU WANT MODERN

STYLOTEL

StyloTel, situated between **Norfolk Square** and **Sussex Gardens**, is just over the road from its sister venue, The Sussex Arms pub (p. 22-23).

But don't let the hotel's **cream exterior**, sash windows and **wrought-iron balcony** deceive you, as this former 19th-century Victorian townhouse features **aluminium walls**, **stainless steel**, **floor-to-ceiling mirrors** and illuminated glass throughout its interior.

The hotel has 40 rooms, some of which have bunk beds. It also has an adjoining annexe which is made up of eight suites with kitchens, four of which have a separate bedroom and lounge with sofa beds. Both options are ideal for **visitors on a budget** or for those who've missed their last train or had one too many in The Sussex Arms.

Wifi is free. Facilities include a **guest lounge**, which features asymmetric chairs, and a dining room for 43 people, which is set to be renovated this summer.

At your side

Whether it's their time, money or unwanted crockery, the people of Paddington just keep on giving

LIVING ON THE EDGE

Adrenaline junkies and fundraising fans can harness the power of goodwill with the help of the **Imperial College Healthcare Charity**, which is giving you the chance to abseil 10 storeys down the Queen Elizabeth Queen Mother building in aid of St Mary's Hospital (26 Apr).

The aim of the game is to **raise funds** for the hospital's **More Smiles Appeal**, which hopes to raise another £700,000 towards its £2 million target to expand its Children's Intensive Care

Unit – one of just five in London.

The funds will help top up the £8 million invested by the hospital.

The redeveloped unit will have new equipment, a parents' room, a private room for doctors to provide emotional support to families and 15 beds – nearly double the current number.

Interested? Anyone aged 18 and over can take part. Registration costs £30 and you'll need to pledge to raise a minimum of £80.

No experience is required as you'll, um, learn the ropes on the day!

St Mary's Hospital, Praed St, W2 1NY. 020 3312 5694.

ON THE FRONTLINE

Black-and-white photos of a child in hospital, soldiers in Northern Ireland and St Paul's Cathedral during the Blitz dominate one wall of **The Frontline Club**, reminding diners that it's not just a fancy restaurant (p. 18-21).

Since the social enterprise launched in 2003, it has pumped profits from its restaurant into an events programme run by The Frontline Club Charitable Trust.

The venue's owner, Vaughan Smith – a former freelance news journalist – says, 'Half of my friends were killed while reporting, so this restaurant is to remember them. It's a club for journalists who risk their lives yet nobody knows about them.'

'Anybody can be a member if they find a proposer and a seconder. We are a club for reporters and photographers who have covered conflicts, as that's the part of the industry that I come from.'

Membership benefits include access to the 120-seat clubroom, event

discounts and club membership in Russia, Bosnia, Georgia, Romania, Slovakia and Albania.

The club also runs The Frontline Freelance Register, a representative body that promotes safe practice and helps secure funding for freelancers working in international conflict zones. There are currently 586 of them.

Non-members can also attend the club's talks, debates and documentaries. These are held on the top floor, which is lined with photographs: **Normandy's Omaha Beach during World War II**, the **Berlin Wall** and **Marc Riboud's iconic image** of a woman holding a flower inches from a row of bayonets at an anti-Vietnam War protest.

'We see too many of these photos,' says Vaughan, pointing to the atomic bomb dropping on Hiroshima. '...and not enough of these,' he adds, shifting his gaze to a Japanese mother clutching her baby after the bomb was dropped.

The venue works hard to ensure the people in these photos—and those behind the camera—are not forgotten. **Support it** by attending an event. Coming up, photographer Guillaume Bonn from Madagascar will give a talk about his new book about East Africa (23 May). 13 Norfolk Place, W2 1QJ. 020 7479 8940. www.frontlineclub.com.

HOME AWAY FROM HOME

More than 100 homeless people visit **West London Day Centre** near Edgware Road every day. This January, it helped 26 rough sleepers find accommodation and four to resume working.

As part of the West London Mission—which celebrates its **130th anniversary** this year—the facility provides short-term relief and long-term solutions to people aged 25 and over who are living on the street.

Jonathan Tingle, head of fundraising, says, 'Each year, the centre needs half a million pounds to run. This allows us to provide support in the form of **showers, laundry facilities, luggage storage** and **postal services**, access to NHS doctors and hot meals.'

The charity also **teaches IT and social skills** and helps homeless people to source accommodation and jobs.

Before David, 67, heard about the centre in 2016, he was sleeping outside Paddington Station. He had been self-employed most of his life but hadn't understood about his entitlements. 'I was in such a sorry state, exhausted and shaken,' he says. 'The centre helped me claim my backdated pension and found me a flat. It transformed my life.'

Can you help people like David?

Then get in touch to see how you can support the charity, either by donating funds or volunteering.

GIFT OF LIFE

Donate your time or unwanted items to **All Aboard, a charity shop** which sells second-hand books, clothes and gifts to raise funds for UK Jewish charities. Your support will also help it fund youth clubs and adult education projects, while providing care for the elderly, people with disabilities, victims of abuse and cancer patients. 12 Spring St, W2 3RA. 020 7262 5955. www.imperialcharity.org.uk.

WALK FOR WARDS

Join hospital staff, former patients and locals on this **sponsored walk** (9 Jul) along the Grand Union Canal to Regent's Park. The two- or five-mile route starts and finishes in Merchant Square. The registration fee and the money you raise will help one of the five hospitals within the **Imperial College Healthcare NHS Trust**, such as St Mary's, or a ward of your choice. 020 3312 5694. www.imperialcharity.org.uk.

RUN FOR MONEY

Last year, *Explore Paddington* editor Sarah Riches finished the Royal Parks Half Marathon in two hours 19 minutes. Think you can beat her? **Pursuing Independent Paths** (PIP), a charity that supports adults with learning disabilities to achieve their potential, has 20 places available—and to bag one, you just need to raise £375. Now in its 10th year, the 20km race (8 Oct) starts and finishes in Hyde Park. To register, call PIP on 020 8960 4004. www.piponline.org.uk.

PARK LIFE

Hyde Park is just a 10-minute hop, skip and jump from Paddington Station – so make the most of it, says Sarah Riches

Excuse us, but did we already mention you have 350 acres, a festival and a lake on your doorstep?

One of London's eight Royal Parks, Hyde Park hosts events all year round, but it comes alive when more than 65,000 people a day attend Barclaycard presents British Summer Time (BST) (30 Jun-9 Jul).

Since 2013, everyone from The Rolling Stones to Kylie and Taylor Swift have graced its stage, while last year's headliners included Take That, Carole King and Stevie Wonder.

Penelope Boyd, head of events at The Royal Parks, says, 'The Great Oak stage has hosted the best global artists, and 2017 is shaping up to be an exciting year.'

'Along with Hyde Park's other events – including the Royal Parks Foundation Half Marathon (p.30-31) and Hyde Park

Winter Wonderland – BST raises vital funds which go back into conserving and enhancing this iconic park.'

Already booked a hotel? Hate camping? Then the festival will suit you perfectly, as it's a series of one-day concerts.

Blondie will support **British superstar Phil Collins** (30 Jun) as he kicks things off with his biggest solo show. After a 10-year break, he's coming out of retirement for his *Not Dead Yet: Live* tour – and BST will be his only European festival this year. All together now: *Take a Look at Me Now*.

Five-time **Grammy Award-winning rock band Green Day** will perform songs from their new album, *Revolution Radio* (1 Jul), while the next day **pop hero Justin**

Bieber (2 Jul) will sing *Love Yourself, Sorry and What Do You Mean?* as part of his *Purpose* world tour.

Bieber will be supported by Dutch **DJ Martin Garrix**, Swedish electropop singer **Tove Lo** and Brit star **Anne-Marie** of *Rockabye* fame.

Meanwhile, **Kings of Leon** will play tracks from their *Walls* album (6 Jul) – which will be your only chance to see them live in London in 2017. On the same day, catch **US rock legends the Pixies** performing songs from their latest

album, *Head Carrier*, as well as R&B artists **Nathaniel Rateliff & The Night Sweats**.

Meanwhile, rock band **The Killers** (8 Jul) from Las Vegas will perform *Human* and *Mr Brightside* alongside the Mancunian rock
